Enhancing Communication Skills for Educators

Effective communication is essential for your success as a teacher, regardless of the subject area or your level of experience. Whether you teach science, literature, young learners or adults, mastering how to engage meaningfully with students, colleagues and parents can significantly elevate your effectiveness in the classroom.

This course is specifically designed to equip you with the skills you need to foster positive relationships, convey your ideas clearly and handle challenging conversations with confidence and poise. By focusing on both verbal and non-verbal communication, you'll learn to inspire and engage your students while collaborating seamlessly with peers and parents. Additionally, the course will guide you on how to communicate professionally at events and use social media effectively, ensuring your online presence enhances your professional reputation and supports your school's values.

You will also develop techniques for giving clear, constructive oral and written feedback to students, helping them understand their progress and areas for improvement. By mastering feedback strategies, you'll support student learning and encourage growth in a meaningful and impactful way.

This comprehensive Continuing Professional Development (CPD) workshop is designed to help you sharpen these essential skills. Over four engaging hours, you'll learn practical, research-backed strategies that empower you to connect with diverse audiences, articulate your ideas with confidence and handle challenging conversations with grace.

Programme Highlights

This programme is designed to equip you with practical strategies for clear, effective and tactful communication within an educational setting.

By participating in this workshop, you'll develop a deeper understanding of how to

- effectively communicate with students, using both verbal and non-verbal cues to foster an engaging and inclusive learning environment.
- build stronger rapport with your students while maintaining professional boundaries.
- communicate student progress and performance effectively and tactfully.
- navigate sensitive conversations with empathy and professionalism, be it with parents, colleagues or other stakeholders.
- foster clear, respectful communication with parents and colleagues in person and through digital means.
- communicate effectively at professional events and use social media responsibly and strategically, enhancing your professional image and engagement.

Faculty

This programme is developed and delivered by QAI's team of subject and assessment specialists, teacher trainers, lecturers, conference speakers and researchers.

This programme is externally validated and certified by Qualifications and Assessments International (QAI), UK, a private international awarding, accrediting, assessing and quality assurance body.

In order to achieve the Certificate of Participation, attendees are required to fully attend the programme.

This programme equals 40 ZQ points and contributes towards your overall ZQ score. It also contributes four hours to your continuous professional development (CPD).

zamit®

Let's begin...

Zamit is an innovative solution that revolutionises the school ecosystem with its unique Measure, Improve, and Monitor (M-I-M) method. Powered by an advanced AI model, Zamit offers personalised improvement programmes for students and teachers and insightful impact analyses through Learner Analytics (LA).

Students benefit from a comprehensive co-curricular programme that integrates over seventy 21st-century skills in the context of curricular subjects. The ground-breaking Zamit Quotient (ZQ) surpasses traditional IQ, EQ, and SQ tests, setting the Gold Standard for future readiness.

For teachers, Zamit provides Continuous Professional Development (CPD) using its TERM framework, covering 80+ teaching and management skills. It also grants them access to an extensive Resource Vault, offering additional support to enhance their teaching.

Through The Future Foundation, Zamit supports teachers with research grants, provides scholarships to students from low-income households, and promotes integrated learning by enhancing their skills and knowledge.

In partnership with QAI, UK, Zamit awards international certifications mapped to the Regulated Qualifications Framework (RQF), England, Wales and Northern Ireland (UK's regulatory framework) and high-quality educational content from global experts.
